

# BUILDING VIRTUAL TEAMS

## Technology Provides the Means to Bring Team Members Together.

Having the right structure and support systems in place to make sure the work you do in the virtual environment is productive and efficient. Managers also need to ensure the assigned work meet the needs of your team's objectives.

In CLRG's *'Building Virtual Teams'* webinar, participants will learn what they can do to improve a virtual team's productivity and effectiveness.

## **NEW!** Building Virtual Teams

Delivery Method: Webinar – Course Length: 1.5hr  
Audience: Managers

Webinar objectives for participants:

- Gain team commitment.
- Manage team performance.
- Motivate your virtual team.
- Establish and encourage effective communication.
