

Managing Constant Change in the Workplace

Change has an impact on most businesses, so it's important to understand how it can affect your team, and your organization. This course will encourage you to think about what change management is and improve your awareness of what's involved in creating a change initiative.

Delivery Method: Online Course

Course Length: 60 minutes

**Includes group activities, polls and Q&A sessions!*

During this course, participants will:

- Understand why organizational change can be difficult.
- Learn about your own tolerance for ambiguity.
- Discover how to use a model to communicate change.
- Discover ways to implement change smoothly.
